SMART LOCK + VIDEO DOORBELL

DEADBOLT EDITION

WORLD'S MOST ADVANCED SMART LOCK.

HD Video Camera

Live camera streams real-time, HD video to your smartphone.

Doorbell with Unlocking and Audio

Greet guests with 2-way audio. Have real-time conversations from your smartphone.

Peek-Proof Digital Keypad

Patented PIN Genie® touchscreen prevents codes from being guessed by randomly shuffling PIN number locations.

Advanced 3D Fingerprint Access

LOCKLY's 3D Biometric fingerprint sensor is unlike other optical readers that can often times be faked through images. It stores up to 99 fingerprints.

Offline Access Codes™

Issue Offline Access Codes™ to trusted users. No need for them to download an app. Codes work offline without Wi-Fi and expire once used.

Control & Monitor from Anywhere

Monitor open/closed door status with real-time alerts sent to your smartphone.

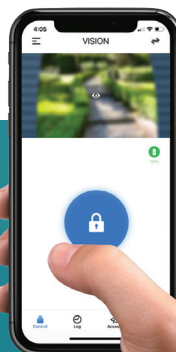

Fits Both
Left/Right Swing Doors

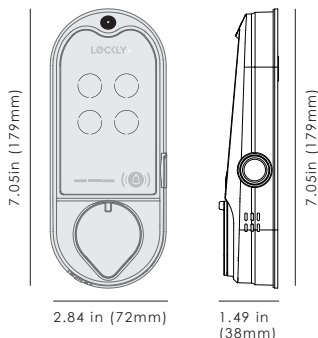

Always know who's at your door

Live HD video camera streams real-time video, allowing you to greet guests with 2-way audio all from the convenience of your smartphone.

Security, redefined.

Plug-n-Play network setup

Works with LOCKLY Access Portal™ for managing multiple properties
